### What are the top four issues you think need to be addressed?

# What are the uses you desire along the corridor?

#### Common survey comments

- Prioritize development to avoid additional urban sprawl. Do not recreate additional or repetitive uses without the population to support it. (22 %)
- Prioritize the preservation of forested, wetland, and agricultural land over new development. (16 %)
- ◆ Avoid undesirable uses like big box stores, strip commercial, industrial, etc. (7 %)
- Increase safety for all users by increasing pedestrian and bicycle facilities, addressing problem intersections, increased lighting etc. (15 %)
- Avoid recreating development patterns like Burkhart or Green River Roads. (9 %)
- ◆ Preserve the corridor in its current state. (15 %)

# Rank from 1 to 11, according to its importance to you.

Traffic concerns along the corridor	7.0
The design of intersections along the Parkway	5.8
The location of intersections along the Parkway	5.3
Preservation of limited access on the Parkway	7.1
Undesireable uses	6.4
The mix of uses	4.7
Preservation of natural features	8.0
